WORLD CALL (1919-1973)

Formatting Notes:

1. Entries are constructed with month, year and page number.
   i.e.    Mar'41:21  (March, 1941 p. 21)

2. Entries appearing in all upper case letters are articles about the person or subject. Entries appearing in both upper and lower case letters are articles by the person.

3. The entries are in alphabetical order with the following exceptions:
   The names of people are entered first
   Following these are other entries under the same word arranged alphabetically
   i.e.      AUSTIN, SPENCER PETER
             AUSTIN, WILLIAM, JR.
             AUSTIN, MINNESOTA
             AUSTIN, TEXAS
             AUSTIN THEOLOGICAL SEMINARY

4. Within each heading the entries are arranged chronologically with a few exceptions. In some instances a series of articles with the same title are entered at the beginning of the entry.
   i.e.    Under the entry for many educational institutions the entries from the column "The Board of Education and the work of our Colleges" appear before other entries.

5. Many women are referred to in the periodical only by their husband's name. Where ever possible the woman's given name has been supplied but where that was not possible the entries for the women are at the beginning of the entries for that surname. If it could be determined what the husband's name was his name appears in parentheses after the surname. If it was uncertain whether the initials were the woman's initials or the husband's initials it is noted as Mrs.
   i.e.    JONES, (married to Abner Jones)
             JONES, (MRS. A. B.)

6. As an aid for further identification, whenever it could be determined, people's birth date, death date and spouse's names are noted.
